

MEMORANDUM

EARLY CHILDHOOD, ELEMENTARY, SECONDARY, SPECIAL EDUCATION, & K-12 PHYSICAL EDUCATION, K-12 MUSIC EDUCATION

TO: Applicants to the Teacher Education Program

FROM: Dr. Blanca Araujo, Director of Teacher Education Program (TEP)

SUBJECT: UNDERGRADUATE Competitive Admission to the Teacher Education Program

We value your interest in the Teacher Education Program (TEP) at New Mexico State University. All students who wish to complete a teaching degree must be admitted to the TEP. The College of Education (COE) has instituted a competitive TEP admission process that continues to ensure quality students become prepared teacher candidates. It is required that you submit a professional electronic portfolio as your application to the Teacher Education Program, which will be reviewed by the College of Education TEP faculty.

Education is a rewarding and challenging profession, and the faculty and staff of the college are eager to help you meet your goals. *The minimum cumulative GPA and NES Essential Academic Skills OR Praxis Core Academic Skills test scores* are necessary standards to be considered for admission to the TEP but do not ensure admission to the TEP. **A student who, in the professional judgment of the committee, does not meet the criteria for acceptance into the Teacher Education Program will be denied admission.** Therefore, the applicant is encouraged to achieve the highest possible cumulative GPA, develop a strong student portfolio, exemplify the dispositions necessary for the teaching field, and conduct a successful interview as outlined in the this packet.

UNDERGRADUATE

Please read these information sheets carefully. It is important that you follow the TEP portfolio instructions described on the following pages. Fully complete your portfolio and submit to the College of Education by the appropriate deadline. Portfolios that are incomplete or received past the due date will need to be resubmitted the following semester.

Undergraduate students cannot continue in designated Teacher Education Program courses numbered 300 or above until they have been admitted to the TEP. These 300-level courses include courses labeled EDUC, RDG, BIL, ECED, SPED, PE P 313 and PE P 315.
