TO: Applicants to the Teacher Education Program

FROM: Dr. Violet Henderson – Clinical Director of Early Childhood Education
Dr. Stacey Duncan – Interim Clinical Director of Elementary Education
Dr. Yvonne Moreno – Clinical Director of Special Education
Dr. Tracey Gorham Blanco – Clinical Director of Secondary Education

SUBJECT: UNDERGRADUATE Competitive Admission to the Teacher Education Program

We value your interest in the Teacher Education Program (TEP) at New Mexico State University. All students who wish to complete a teaching degree must be admitted to the TEP. The College of Health, Education, and Social Transformation (HEST) has instituted a competitive TEP admission process that continues to ensure quality students become prepared teacher candidates. It is required that you submit a professional electronic portfolio as your application to the Teacher Education Program, which will be reviewed by the College of HEST TEP faculty.

Education is a rewarding and challenging profession, and the faculty and staff of the college are eager to help you meet your goals. A *professional portfolio* is a necessary standard to be considered for admission to the TEP but does not ensure admission to the TEP. **A student who, in the professional judgment of the committee, does not meet the criteria for acceptance into the Teacher Education Program will be denied admission.** Therefore, the applicant is encouraged to achieve the highest possible cumulative GPA, develop a strong student portfolio, exemplify the dispositions necessary for the teaching field, and conduct a successful interview as outlined in the this packet.

Please read these information sheets carefully. It is important that you follow the TEP portfolio instructions described on the following pages. Fully complete your portfolio and submit to the Teacher Education Program by the posted deadline. Portfolios that are incomplete or received past the due date will need to be resubmitted the following semester.

UNDERGRADUATE TEP GUIDELINES

Undergraduate students cannot continue in the designated Teacher Education Program courses numbered 300/3000 or above until they have been admitted to the TEP. These 300/3000-level courses include courses labeled EDUC, READ, BLED, ECED, and SPED. The only exceptions are EDLT 3110, EDUC 3120, EDUC 3997 (for secondary education majors only) and SPED 3105, which are prerequisites for entrance to the program.
