Is there anything else you would like us to know about you and the student teaching semester?

More to think about

Student teaching is a full-time job. Plan to be at your placement for 8 hours per day, minimum. Many schools/centers have meetings in the evenings or on weekends (special school events, home visits, parent-teacher conferences, open house, etc.). A flexible schedule is a must during student teaching. You are expected to follow the district's school calendar and begin on the first day of staff professional development (the first day for teachers). Please plan accordingly.
