More to think about

Student teaching is a full-time job. Plan to be at your placement for 8 hours per day/5 days per week, minimum. Many schools have meetings in the evenings or on weekends (special school events, parent-teacher conferences, open house, etc.). A flexible schedule is a must during student teaching. You are expected to follow the district's school calendar and begin on the first day of staff professional development (the first day for teachers). Please check your school district calendar & plan accordingly.
